Our History

In 1981, after 23 successful years in the consumer lending industry, Joseph P. Goryeb founded Champion Mortgage® with a simple philosophy, saying yes. Yes to dreams, yes to goals, yes to possibilities. Today, the Parsippany, NJ-based company is a testament to that philosophy. Champion® is one of the largest retail mortgage lenders, with almost 700 employees, servicing 27 states and lending nearly two billion in 2002.

Champion's high profile among mortgage lenders can be attributed to many factors. But what stands out most are the customer-focused business philosophy and Champion's unshakable belief that by hiring the right people and providing excellent customer service, business growth will take care of itself.

Since 1981 that successful combination has drawn interest from consumers, competitors and other businesses who appreciate what we're doing and how we're doing it: with trust, integrity and commitment. In 1997, KeyCorp® acquired Champion Mortgage with the goal of expanding KeyCorp's home equity lending business. Now a part of the Consumer Finance division, Champion has helped KeyCorp increase its mortgage portfolio to nearly \$13 billion since the acquisition.

Key/Champion Mortgage® Relationship

Champion Mortgage®, a division of Cleveland-based KeyBank National Association, is one of the largest national retail mortgage lenders, providing lending solutions to homeowners in 27 states.

Cleveland-based KeyCorp is one of the nation's largest bank-based financial services companies with assets of approximately \$84 billion. Key traces its roots back to 1849, when Society for Savings of Cleveland, Ohio was incorporated, and to 1825, when the Commercial Bank of Albany, N.Y. was founded.

Key companies provide investment management, retail and commercial banking, retirement, consumer finance, and investment banking products and services to individuals and companies throughout the United States and, for certain businesses, internationally.

Some facts about Key:

- More than 3.8 million household and commercial customers
- Employs nearly 20,000 people
- Tenth largest home equity lender in the U.S.
- Seventh largest education lender in the country
- Retail Banking is the nation's 10th largest ATM network and 12th largest branch network (number of ATMs and branches)
- Nation's 10th largest home equity lender (outstandings)
- Nation's largest marine lender (new and used boat sales)

- Nation's fifth largest holder of federal education loans and fifth largest provider and servicer of private education loans (outstandings)
- Ranked number 257 on the Fortune 500, Fortune magazine's flagship list based on total revenues (April, 2002).
- In its 500 ranking, Forbes Magazine places Key number 177.
- Rated "A2" in Senior Long Term Debt from Moodys, "A-" by S & P and "A" by Fitch
- Key.com is ranked in the top-ten online banks by Gomez - leading online classifier of customer experience.
- The company's businesses deliver their products and services through KeyCenters and offices; a network of nearly 2,200 ATMs, telephone banking centers (1.800.KEY2YOU); and a Web site, key.com that provides account access and financial products 24 hours a day.
- KeyCorp's service area spans Retail Banking through 903 full service branches located in 26 geographic districts across 12 states. Including other businesses, Key operates in 45 states.

Just The Facts

Founded: Joseph P. Goryeb started Champion in 1981. Ownership: Champion® was acquired by KeyCorp® in June of 1997.

Number of Employees: Almost 1,000 employees in headquarters and throughout our regional mortgage refinance centers.

Champion Headquarters:

Two Gatehall Drive , Parsippany, New Jersey 07054

Frankford Hospital

Red Lion & Knights Roads
Philadelphia, PA 19114

Contact: Dominic Principe
Web: <http://www.frankfordhospitals.org>
Email: dprincipe@fhcs.org
Phone: 215-612-4310

Frankford Hospitals began in 1902. The physician, Dr. Joseph Ball, couldn't find a single hospital in the city to admit his seriously ill patient. He began an effort to establish a community hospital that would provide convenient, high-quality medical care to his neighbors. Named after the neighborhood it would first serve, Frankford Hospital - Frankford opened its doors on the fourth of July, 1903.

During the following 96 years, Frankford expanded upon Dr. Ball's founding vision. Over the decades, the Hospital introduced many new services to better meet the health needs of its growing communities.

As the Hospital's service area grew and flourished, Frankford responded by opening a second site in 1977. Almost immediately, Frankford Hospital - Torresdale was operating at full capacity, meeting the healthcare needs of families from the Far Northeast and Lower Bucks County. In March 1999, Frankford acquired Delaware Valley Medical Center and turned it into its third inpatient site - Frankford Hospital - Bucks County.

Today, Frankford's focus on its founding philosophy is clearer than ever before. Now, our physicians, nurses and support personnel provide advanced care at three modern inpatient facilities and three outpatient sites - all of which are equipped with highly sophisticated technology. And, just like when the Hospital was founded nearly a century ago, each Frankford location still customizes its health services to meet the unique needs of its neighbors.

Who We Are, What We Do

Hartford Customer Services Group (HCSG) is a customer contact center specializing in customer service and sales. AARP is HCSG's largest client but HCSG makes the same services available to other Hartford businesses and external organizations. Headquartered in Fort Washington, PA, with an office in Fogelsville, PA, HCSG has approximately 1,200 employees.

Operating in a unique Value Chain Partnership, HCSG teams with four other companies and AARP to meet the health insurance needs of Association members. The mission of the Value Chain Partnership is "To be leaders in health care solutions for AARP members and their families today and throughout their lives." This unique collaborative environment fosters innovative and creative solutions to complex business challenges.

The Bottom Line

HCSG offers an excellent total compensation program. Hard work and accomplishments are recognized and rewarded through a variety of programs including pay for performance, bonuses, and special recognition awards.

Both full-time and part-time employees working 20 or more hours per week receive a comprehensive benefits package including flexible work arrangements, an attractive paid time off policy, medical, dental and life insurance, and a retirement plan. In addition, we offer an Investment and Savings Program (401K), mutual funds and an Employee Stock Purchase Program.

Now What?

The Hartford is always looking for creative and energetic people to strengthen our operation and contribute to our continued success. We want to match your skills and competencies to jobs in our operation. In other words, we're looking for you! So, what are you waiting for? Come join and feel The Hartford Experience!

United Insurance Company of America is a leading provider of home service insurance. We've been protecting families since 1919 and are dedicated to a tradition of reliable service to our customers. Our product line includes life, accident, and fire insurance protection. We are firmly committed to serving the insurance needs of modest income families and provide personal contact for premium collections and other service requests. We are here to answer any questions that may come up.

Agent's responsibilities include:

- Collecting premiums from policyholder based on a pre-arranged schedule
- Responding promptly to policyholder's request for service
- Continuously prospecting for sales opportunities
- Conducting interviews, recommending products, and closing sales – the goal being to have a sale per day. It takes on average 5-8 contacts to create 3 interviews that result in one sale.
- Record keeping, processing paperwork, and accounting for collections

United agents are expected to:

- Increase the size of their book of business
- Build good working relationships with their customers
- Devote the time that is needed to fulfill the responsibilities of the position. In the first year, it will take a minimum of 50 hours per week to do all the work and study that is required to be successful. At least 3-4 evenings will be needed and some phone work is helpful.

Income expectations are realistically in the \$35 - \$45,000 range first year. By the 3rd year, income should be \$50 - \$65,000. Expenses are small comparatively, averaging only \$20 - \$30 per week, mostly in postage.

The benefits include but are not limited to:

- Group life insurance
- Major medical
- Short term/long term disability
- Pension
- 401(k) savings plan
- paid vacation
- educational reimbursement

Training is provided on a one - to - one basis for as long as needed. We have one of the most complete programs available, and encourage all who apply to obtain the state-required licenses. We will pay a training salary of \$450 per week as the new employee studies for the exams, which two are needed. Before we are able to hire, we must screen potential candidates using an industry-wide tool known as a

career profile. This is simply a series of questions designed to bring out the qualities we look for in an individual:

- goal-oriented mindset
- competitive drive
- confident, outgoing nature
- willingness to commit to being successful
- ability to work without supervision
- express yourself effectively
- face adversity with determination
